PRESS RELEASE

Corrosion Inhibitor (VCI) Packaging for Metals Featured at PACK EXPO CONNECTS 2020

October, 2020 – Corrosion preventive packaging for metals will be featured in Daubert Cromwell's [Virtual Showroom](#) at PACK EXPO Connects, November 9-13, 2020. The virtual showroom will highlight anti-rust films, papers and liquids from Daubert Cromwell, the only VCI manufacturer exhibiting at [PACK EXPO Connects 2020](#).

Daubert Cromwell's [online exhibit](#) will focus on sustainable, environmentally-friendly solutions to biggest corrosion challenges in automotive, manufacturing, electronic, and metalworking markets. The site features VCI product details, Live Product Demos plus opportunities to directly connect with technical corrosion prevention experts. Visit the [virtual showroom](#) to:

- Register for free to attend PACK EXPO Connects 2020.
- Sign up to attend 4 free Live Product Demos of corrosion inhibitor packaging and rust removers.
- Request a free poster, "Do's and Don'ts of VCI Packaging," suitable for hanging in plants where metal parts are handled or wrapped for shipment.
- Request a free mask lanyard to wear at work. No more forgetting, misplacing, or stuffing it into a pocket.
- Learn more about our full line of Corrosion Inhibitor (VCI) protective packaging products

Daubert Cromwell offers a complete line of recyclable, RoHS compliant, non-nitrite, water based, VCI products that meet most stringent international requirements.
