RE: Daubert Cromwell Products Comply With California Proposition 65

The Safe Drinking Water and Toxic Enforcement Act of 1986, aka Proposition 65, requires companies doing business in California to notify consumers of potentially hazardous chemicals that are present in their products.

Daubert Cromwell ensures that all its corrosion inhibitor (VCI) products -- papers, films, liquids and devices --comply with California Proposition 65 directive.

If you have further questions regarding this topic or about any of the products Daubert Cromwell manufactures, please contact me at jbrekan@daubertcromwell.com or +1-708-293-7750.

Sincerely,

Jonathan Brekan, PhD.
Technical Services Director
Daubert Cromwell
